

## **I Dont Feel 50**

### Description:

Welcome to IDF50 Established in 1997 and described by Internet Advisor magazine as "The first site in the UK for silver surfers and still the best." IDF50 is entirely handmade and exported around the world. Apologies if you stumble across some old IDF editorial pages on the web, some of them haven't been updated for over 200 years. IDF50 is not a website people just read it's something people do hotline here
