Description:

50plusdiscount is a car insurance site for drivers in their 50s. Founded by a group of insurance executives with many years of experience in the car insurance market, we use our knowledge and experience of the market to find better deals for drivers in their fifties. We have joined forces with 2 car insurance specialists that between them, search over 50 car insurers in the U.K. You can go online and get the best car insurance deal from more than 30 online insurers, and you only have to put your details in once. If you are currently with a big name insurer - all that advertising spend - all those overheads - you might be pleasantly surprised at the savings you can make.
